

“Western Balkans meet Japan: A Bridge into the Future”

MIRAI Program 2020/2021: Western Balkans Youth Exchange

(*Mutual-understanding, Intellectual Relations and Academic Exchange Initiative*)

I. Background and Organizing Team

The Ministry of Foreign Affairs of Japan (MOFA), as of January 2018, started the “*Western Balkans Cooperation Initiative*” to support socio-economic reforms and facilitate reconciliation and cooperation in Albania, Bosnia and Herzegovina, Kosovo*, North Macedonia, Montenegro and Serbia. The mechanisms foreseen to achieve the predefined objectives are:

- Bilateral cooperation.
- Promotion of cooperation in the region.
- Cooperation with third parties.

Based on the second component, the MOFA of Japan aims to establish a cooperation mechanism with the Western Balkans (WB) through the organization of seminars and exchanges on common challenges. In continuation to bringing more nations close to Japan, the MOFA of Japan has launched the “*Japan’s Friendship Ties Programs*” to promote people-to-people exchange between Japan and Asia-Pacific, North America, Europe, Latin America and the Caribbean, and to encourage the understanding of Japan’s economy, society, history, diverse culture, politics and diplomatic relation. The European regional component is called “MIRAI Program”, which features intellectual exchange among youth across Japan and Europe. The program aims to promote mutual understandings, enhance intellectual discussions and build a basis for future friendship and cooperation between Japan and Europe.

* This designation is without prejudice to positions on status and is in line with UNSCR 1244 and the ICJ Opinion on the Kosovo Declaration of Independence.

In order to further achieve a bigger impact and effectiveness in the Western Balkans, MIRAI Program is organizing this youth exchange for the third time, in cooperation with the **Regional Youth Cooperation Office (RYCO)** as one of the key actors working on youth issues in the region.

RYCO is an independently functioning institutional mechanism, founded by the Western Balkans 6 participants (WB 6): Albania, Bosnia and Herzegovina, Kosovo, Montenegro, North Macedonia and Serbia, aiming to promote the spirit of reconciliation and cooperation between the youth in the region through youth exchange programs.

RYCO's program focuses on creating opportunities for young people to engage in activities that build mutual understanding and reconciliation in the civic, social, educational, cultural and sports domains. RYCO initiates and participates in policy making and advocates for reform. Furthermore, it supports the development of a political and social environment that empowers and facilitates youth exchange.

In the last years, RYCO has launched four Open Calls for Project Proposals and has granted over 100 projects, implemented by non-governmental organizations (NGO) and high schools from the region. The projects and initiatives implemented by RYCO are designed on the basis of partnership and mobility by giving youth the chance to travel and work closely with their peers in topics such as intercultural learning and dialogue, youth participation and social inclusion. Moreover, RYCO is also supporting high schools and NGOs in capacity building activities in each of its Contracting Parties.

I. MIRAI PROGRAM 2020/2021

“Western Balkans meet Japan: A Bridge into the Future”, is a youth exchange program, organized under the MIRAI Program since 2018, aiming to deepen participants' understanding of Japan and its policy, to promote mutual understandings and reconciliation through intellectual and cultural exchange, and build a basis for future friendship and cooperation between Japan and the WB.

In 2018, in cooperation with the MOFA of Japan, RYCO implemented the youth exchange “*Western Balkans Meet Japan – A Bridge into the Future*”, from 30 October to 7 November 2018. The program gave the opportunity to 17 young people from all the WB6 to take part in a one-week long intercultural learning visit to Japan. The participants had the chance to visit Tokyo, Hiroshima and Kyoto in days full of important visits (Edo-Tokyo Museum, Hiroshima Peace Memorial Museum, Shukkeien Garden, Golden Pavilion etc.) and discussions on intercultural dialogue, history of the region, history of Japan, Sustainable Development Goals, and many more.

In 2019, in cooperation with the MOFA of Japan, RYCO implemented the second youth exchange “*Western Balkans Meet Japan – A Bridge into the Future*” which gathered 15 young people from across the region, during 13 to 21 November 2019. Participants visited the Hiroshima Peace Memorial Museum and the Ministry of Foreign Affairs of Japan and Japan International Cooperation Agency (JICA) in Tokyo, where they engaged in discussions on a variety of topics on Western Balkans, Japan, cultural diversities and development.

During these two exchanges, participants observed various aspects of the Japanese life and looked for similarities in their region in order to emphasize possible cooperation. Upon the completion of the exchanges, they drafted Action Plans in order to share their experience and deliver the findings in their communities.
